Complete and return to Tammy ASAP to meet application dates. Please circle or highlight a FIP you are interested in and fill out the details above. This does not mean you are in a FIP but is the first part of the process. You will need to attach evidence related to your chosen FIP for the application to proceed. You will then be given a time and date for your VETRO assessment.

The contextualised SACE that sits alongside all the FIPs is Stage 1 Workplace Practices and you will receive 20 SACE Stage 1 credits on top of the SACE credits for the chosen Certificate course undertaken. Once you have been accepted into a Certificate Course you can negotiate to drop a subject.

Please be aware that there will be a cost associated with undertaking a Certificate III course.
